

CARBONITE Ultra

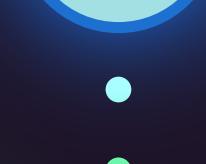

WHAT IS PRODUCTION WIZARDRY?

HIGHER PRODUCTION VALUE

LOWER COST

The Biggest 1RU Production Switcher Ever

Carbonite Ultra's 1RU chassis packs up to 3 full MEs & 4 MiniMEs, equivalent to a 7ME switcher with 20 key channels.

Engaging Media Rich Productions

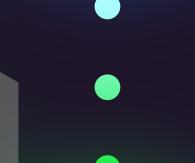

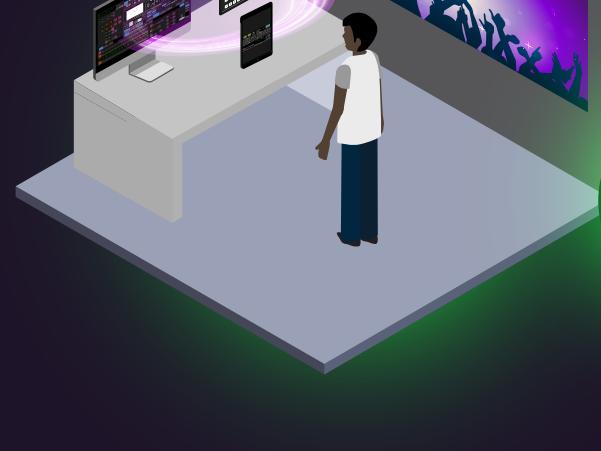

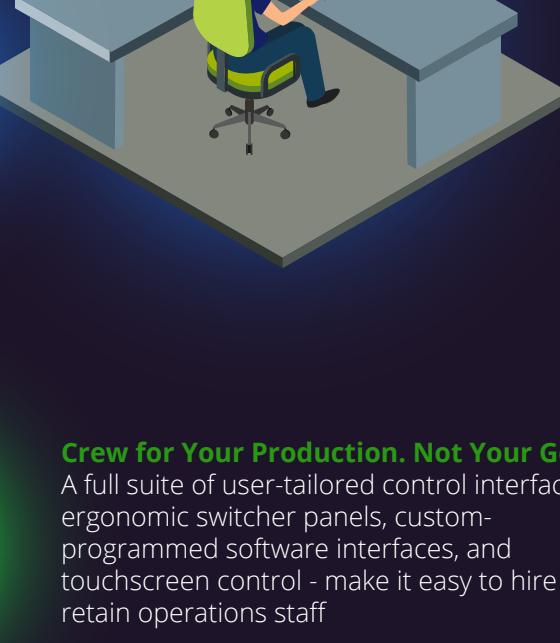

Boost your visuals with animated logos, lively media-effect transitions and great-looking still graphics. Carbonite Ultra includes 4 internal key+fill MediaStores and XPression LiveCG graphics software.

More Affordable Than Ever

With a starting price of \$10,900*, Carbonite Ultra reduces the cost of the essential Ross mid-size production switcher feature set by a huge margin.

* USA pricing, international pricing will vary.

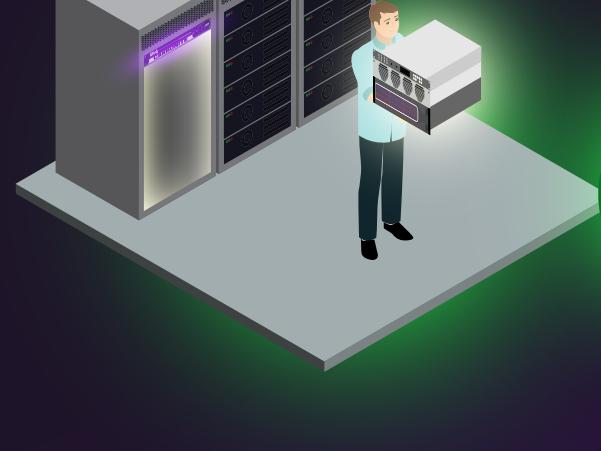

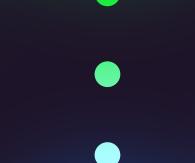

Crew for Your Production. Not Your Gear.

A full suite of user-tailored control interfaces - ergonomic switcher panels, custom-programmed software interfaces, and touchscreen control - make it easy to hire and retain operations staff.

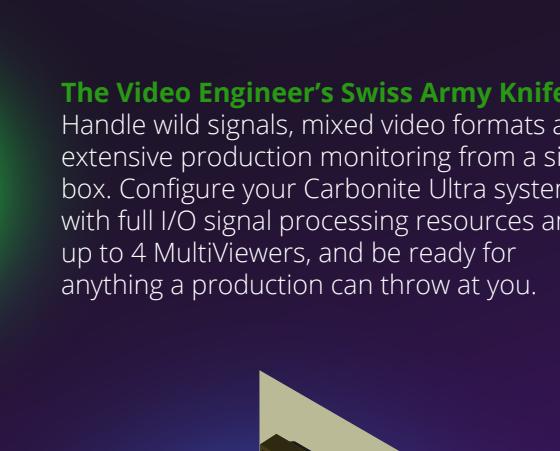

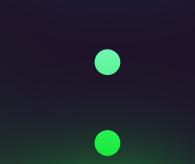

Advanced Features, Always Available

Every part of this production switcher is backed by dedicated hardware. Engage all the resources you need for a stunning production, without any trade-offs or surprises.

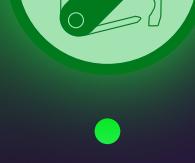

The Video Engineer's Swiss Army Knife

Handle wild signals, mixed video formats and extensive production monitoring from a single box. Configure your Carbonite Ultra system with full I/O signal processing resources and up to 4 MultiViewers, and be ready for anything a production can throw at you.

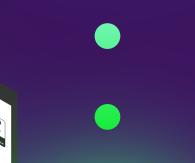

HDR Fidelity on Demand

Support for HDR formats, bi-directional SDR to HDR conversion and quick-select colour temperature presets.

Wise Investment for the 12G/UHD Future

Major 12G/UHD feature set that can't be matched by other mid-size production switchers.

The Real Magic? This is Just the Beginning

Carbonite Ultra isn't just a production switcher, it's a software-defined live production engine. A product that remains cutting-edge for years to come - that's the magic of going Ross.
