

XPression Graphite Installation Guide

This document describes the installation procedure for XPression Graphite Studio Dual, Graphite Studio Dual 64-bit, Graphite Studio SCE, Graphite Studio SCE 64-bit, Graphite Prime, and Graphite Prime 64-bit software.

To install the software:

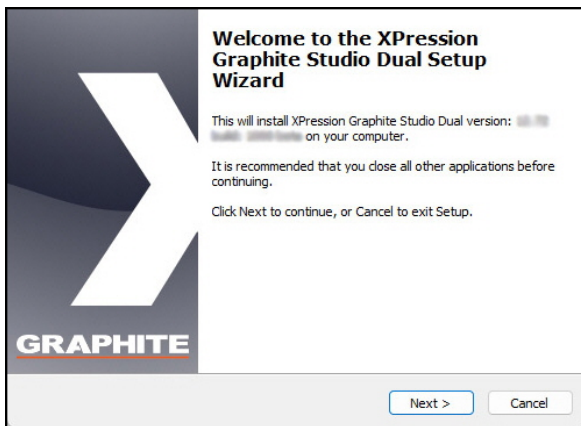

1. Double-click the **XPression-Graphite-XX.x_xxxx.exe** file.

The **Language** dialog opens.

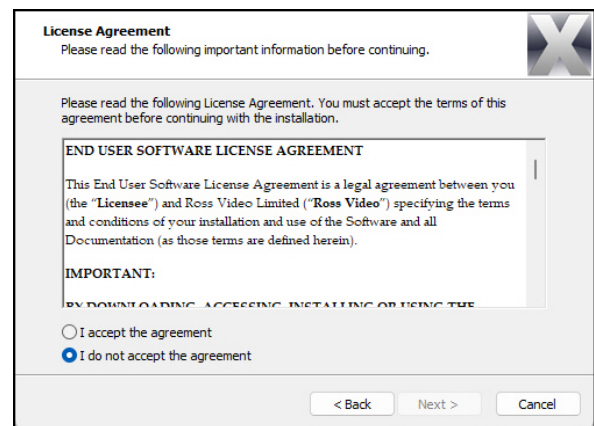

2. Select a language from the dropdown menu and select **OK**.

The **Setup Welcome** page opens.

3. Select **Next** to continue.

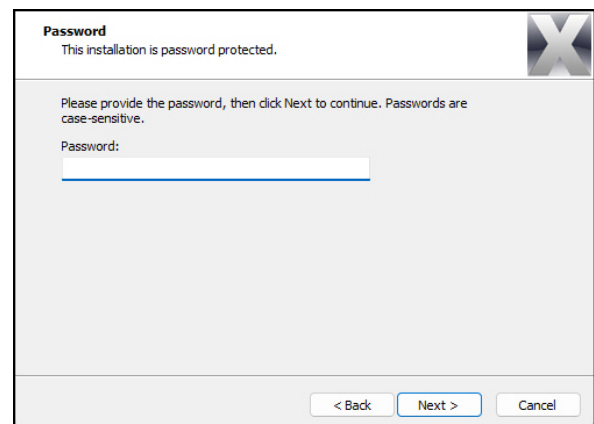

4. In the **License Agreement** page, read the license agreement, select **I accept the agreement** to continue the installation and select **Next**.

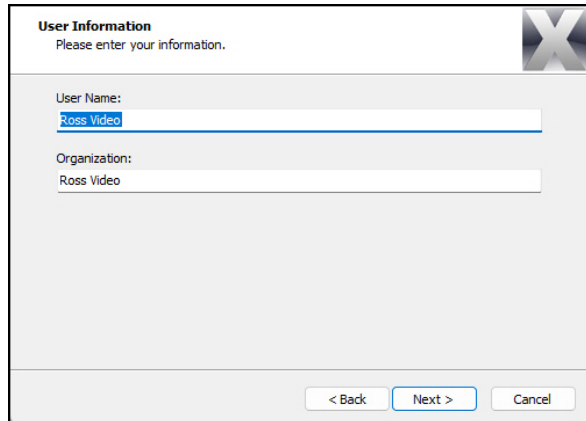

5. In the **Password** field, enter the password and select **Next**.

If you received an XPression box, you will find the password on the *XPression Software Quick Start Guide* sleeve.

If you received your XPression software electronically, contact technical support for the password.

- In the **User Information** page, enter your **User Name** (required) and **Organization** (optional) and select **Next**.
