

Cabling and Control

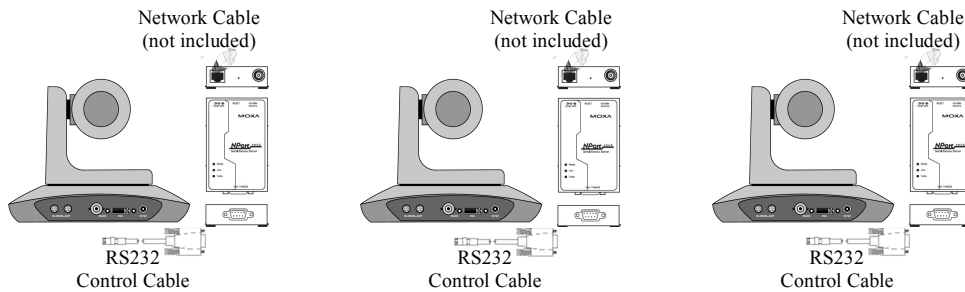

RS-232

Multiple cameras can be connected via the VISCA RS-232 terminal.
VISCA RS-232 allows connections of up to 15m in length.

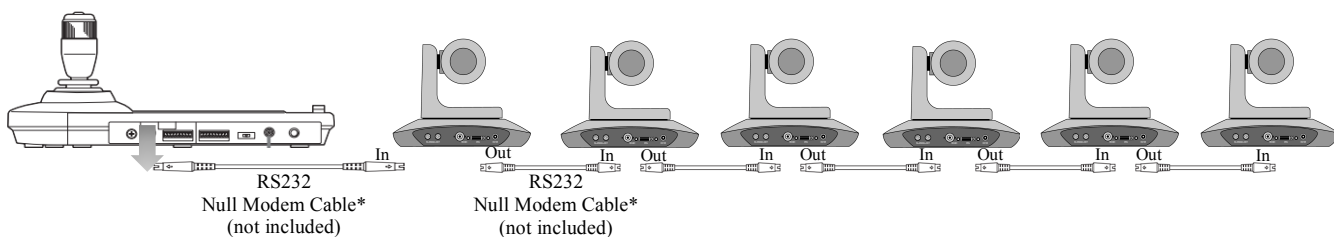

Option 1: Daisy chain up to 7 PIVOTCams with 1 serial to ip converter.

Option 2: Designate each PIVOTCam an unique IP address with a serial to ip converter.

Option 3: Utilize an RS232 Visca controller.
