

### Rack Mounting

#### 1 Rack Mount

Unpack and use the supplied rack mount kit to mount your server in a 19" wide by 30" deep EIA equipment rack.

*The supplied rack mount kit **MUST** be used to mount your server in a 19" x 30" EIA equipment rack to avoid damaging the server.*

#### 2 Power

Connect an AC power cord to each AC port on the server and then to the main power source.

*The server power supplies are auto-sensing and can use either 110 VAC or 220 VAC. Servers are equipped with two power supplies in a redundant configuration. Only one power supply is required to run the server.*

### Peripheral Cabling

#### 3 Keyboard and Mouse

- Plug the supplied keyboard into the USB port on the back of the server.
- Plug the supplied mouse into the USB port on the front of the server.

*Note: KVM extenders (customer supplied) are required when the server keyboard, and mouse are located remotely from the rack room.*

#### 4 Monitor

Connect a monitor (customer supplied) to the VGA port using a VGA cable.

*Note: KVM extenders (customer supplied) are required when the server monitor is located remotely from the rack room.*

### Network Cabling

#### 5 Local Area Network

Plug an Ethernet cable from your Local Area Network into an Ethernet port on the back of the server. The port on the left is port 1 and the port on the right is port 2.

*Note: The server must be connected to the same network as the switcher frame and devices.*

### Need Help?

Contact Ross Video Technical Support by email at [techsupport@rossvideo.com](mailto:techsupport@rossvideo.com).

### Switcher Multiviewer Cabling

#### 6 Switcher Multiviewer

Connect an SDI or HDMI cable from the switcher multiviewer output to the SDI or HDMI input of the Quorum Server input card.

### Startup

#### 7 Power Up

Press the power button on the front of the server.

*The server startup process includes drive initialization, which takes a few minutes to complete.*

*Note: Ross Video recommends shutting down the server only from the Windows operating system.*

#### 8 Log On to the Server

Use the following account information to log on to the Quorum Server.

**User name:** RossVideo  
**Password:** <your\_password>
