IP & SDP WORKFLOWS

AirCleaner is your digital insurance policy against broadcasting any obscenities.

## Features/Benefits

- Eliminate nudity, offensive language, and obscene gestures from live broadcasts while maintaining program continuity.
- Straight-forward to control with two large panic buttons
- Allows for dual-user operations
- The viewer experience is minimally interrupted with subtle video and audio masking techniques.

# IBC Highlights

## SYSTEM REDUNDANCY

Solid-state technology equipped with bypass relay circuitry and dual redundant power supplies, to further ensure the integrity of your live broadcasts.

## REACTION TIME COMPENSATION

Compensates for the reaction time of human operators to an observed visual or aural event, ensuring every obscenity is concealed in its entirety.

## DUAL-USER CAPABILITY

Share the workload with unique Dual-User capability that easily divides delay time between two users.
