IP & SDP WORKFLOWS

A 2 or 4RU rack-mountable touchscreen that combines traditional functionality while adapting workflows based on users fluent with smartphones.

Features/Benefits

- Fully customizable. Adapt the panel to your workflow, not your workflow to a panel.
- Touchscreen. Traditional or modern workflows adapted for users fluent with smartphones.
- System wide control. Control all devices that can be used in DashBoard.
- Flexible. Quickly change between different panel types.

HiGH **IMPACT** **EFFICIENCY**

FULLY CUSTOMIZABLE TOUCHSCREEN PANEL FOR MODERN WORKFLOWS
