Iroquois, Ontario
K0C 1K0
Canada

Ross Video Belgium
Rue des Vétérinaires 42
1070 Brussels
Belgium

REACH the European Community Regulation on chemicals and their safe use (EC 1907/2006) deals with the Registration, Evaluation, Authorization and Restriction of Chemical substances within the community.

Ross Video as a manufacture of Broadcast Electronic Product in the sense of the REACH regulations would be considered a "downstream user". The products we supply are solely non-chemical products (goods) and under normal and reasonably foreseeable circumstances of application will not release any substance. The company Ross Video therefore is neither obligatory for registration nor for creation of material safety data sheet (MSDS).

Under article 33 of REACH Regulation product (articles) manufacturers or importers into Europe are obligated to inform recipients of any articles that contain chemicals on the Substances of Very High Concern (SVHC) candidate list above a 0.1% concentration (by weight per article).

Products manufactured and marketed by Ross Video Ltd, Ross Video Australia, do not contain substances on the REACH SVHC candidate list referred to below, in concentrations greater than 0.1% by weight per article.

REACH SVHC Candidate List

A current list SVHC regulated under the Reach Regulations can be accessed at the follow link:

http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp

Signed for and on behalf of Ross Video Ltd.

3 September 2015

A handwritten signature in black ink that reads "David Ross". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

David Ross
